## Proper Alignment, Spacing and Size

---

### Alignment

As a general rule, logos should be placed at the top right or left hand corners of any graphic piece

### Clear Zones

Logos should always be surrounded on all sides by clear space. That space should be a minimum of 1/4 the height of the logo (see diagram to left) on all sides.

### Minimum Size/Proportion

The minimum logo size for collateral should be 1/2 inches in height.

\* Exceptions for promotional items.

*Proportions should never be skewed irregularly.*
